

ANIMAL GROOMING QQI LEVEL 5

When September comes around An Tóchar will welcome eager learners into the professional working grooming salon in the centre. The learners have the opportunity to gain hands-on experience with specialized training to become a qualified Animal Groomer. People come from all walks of life to learn skills that will enable them to go straight into employment or become groomers for pets of family and friends.

Learners are given supportive intense training and gain techniques to work with a variety of grooming tools and learn animal management, which is necessary to become successful to obtain the QQI Level 5 Animal Grooming qualification.

This is what some of the Learners said about doing the grooming course in Causeway.

Anna who is originally from Poland, travelled from Kenmare to do the course;
